

Bible Group Study Guide

- 1) **Reflection:** Share with your Bible group one word, point, or message you received from Sunday's service, and this can be from any aspect of the service (i.e., prayer, worship, sermon announcements, offering, etc.).

- 2) In Sunday's Sermon titled ***God Word Still Works*** Reverend Luttrell White taught us God's words is applicable to us now as it was in the bible days to the believers then. Reflecting on Sunday's points **explain each point, give a scripture that connects and help us understand the point**, and finally **give a personal example** of how God's word has been working in your life.
 - Point One: God's word is guaranteed.

 - Point Two: God's word is a refresher.

 - Point Three: God's word is effective.

- 3) Read Psalm 23 written by David and identify the three above points in the scriptures. Jot down the verse number and how the points are displayed in the text.

- 4) **Ministry In Practice:** In Psalm 23, David describes God as his shepherd who is always with him. As David has shared with us through the text, this week share with someone else and let them know that God is with them too. Pray and ask God who He would like to encourage through you – remember it is God that is working through you.
